To,
Child Vikas Foundation,
Hyderabad.

This is to inform you that Master.K.Vihaan is 3 Years 7. Months Male Child. S/o.K.Raju with UHID no:BAH-00528361 was admitted at Rainbow Children's Hospital. He was diagnosed with Thalassemia. He requires blood transfusion once in every 2-3 weeks to maintain hemoglobin level for survival and growth. Hematopoietic stem cell transplantation which is the only curative option in such cases. Sibling and parents are not a full match, but a 10/10 HLA matched unrelated Donor is available. Hence he is planned for Match unrelated Donor stem cell transplantation for a definitive cure.

The cost of HSCT including chemotherapy, hospitalization, investigations, stem cell collection and transplant along with supportive care with IV antibiotic, IV anti-fungal, GvHD prevention & Management and Nutritional support is around Rs. 19-20/- Lakhs.

The cost break-up is as follows:

Room Rent/BMT room	Rs.2-3/- lakhs
Medications	Rs.3/- lakhs
Cost of MUD	Rs.7/- lakhs
Investigations & Supportive care	Rs.2/- lakhs
Stemcells, Processing, collection & preservation	Rs.1/- lakh
GVHD prevention & Management	Rs.3-4- lakhs
Total	Rs.19-20/- lakhs.

In case of any unexpected complications, cost may go up.

If any further information is required, we would be happy to furnish

Thank you
