I wish to state that Mr. Ajayreddy Patil is diagnosed with High Risk Neuroblastoma. This is an aggressive cancer seen in child with a very high risk of mortality. He is under treatment at our center for the same. He will require treatment with Chemotherapy followed by Autologous Stem Cell Rescue . The approximate cost of chemotherapy would be Rs.8,00,000/- (Rupees eight lakhs only)

the approximate cost of High dose of chemotherapy and Autologous Stem Cell transplant would be Rs.12,00,000/- (Rupees twelve lakhs only)

The total cost of the treatment would be Rs. 20,00,000/- (Rupees Twenty lakhs only) in absence of any complications.
