Re: Mr. Manjunath

MRN: 10020001819990

DOB: 10th July 2023

Gender: Male

I wish to state that Mr. Manjunath is diagnosed with B Cell Acute Lymphoblastic Leukemia. It is a type of Blood Cancer seen in children and can be fatal if not treated adequately and promptly. Cure rate are more than 85% with current treatment. He is under treatment at our center for the same. He is planned for treatment with chemotherapy. The approximate cost of chemotherapy and supportive care would be Rs.14,00,000/- to Rs.16,00,000/- (Rupees fourteen lakhs to Rupees sixteen lakhs only) in the absence of any major complications.
