Bangalore

Subject: Estimated Expenses for NICU Treatment

This is to certify that Baby of LATHA is undergoing treatment in our NICU and is expected to require approximately 21 days of hospitalization.

The estimated daily expenses are as follows:

- \* NICU Charges – ₹5,000/day
- \* Doctor Charges – ₹1,000/day
- \* Nursing Charges – ₹500/day
- \* Pulse Oxymeter Charges – ₹1,000/day
- \* Medicines & Consumables – Approximately ₹2,000–₹2,500/day

Estimated Total Daily Expense: ₹9,500–₹10,000

Estimated Expense for 21 Days: ₹1,99,500–₹2,10,000 (Approx.)

The above estimate is subject to change depending on the baby's clinical condition, investigations, medications, and any additional procedures required during the course of treatment.
