Subject: Requesting Financial Assistance for the heart transplant of my six year old son.

Respected Sir/Madam,

My six year old son Dharsan Akash was diagnosed with Congestive Heart Failure on 6<sup>th</sup> of August. Doctors advised for immediate Heart transplantation and registered with Organ Transplant Registry with Uniqid: 47722. For past 45 days, he was treated in Critical ICU of Royalcare Super Specialty Hospital at Coimbatore at daily cost of ₹ 70,000 per day. Unfortunately on 20<sup>th</sup> September night, his heart completely failed and taken on ECMO procedure immediately. Now he is under ECMO life support. Now, it costs around Rupees One lakh per day to keep my son alive till he gets the heart transplant. Please consider and help us financially and keep him on your prayers. Thanks in Advance.

Yours Sincerely,

N. Padmanabhan
