

Date: 28.12.2023

To,
Child Vikas Foundation,
Hyderabad.

This is to inform you that Baby.Kopalli Saanvika is 2 Years 9 Months Female child D/O Mr. Kopalli Venkatesh with UHID no: BAH-00552267 was admitted at Rainbow Children's Hospital. She was diagnosed with Acute Myeloid Leukemia. Bone marrow transplant is the only curative option for her. As full match for transplant is not available, she underwent for Haplo-identical Stem Cell Transplant with father as a Donor.

Currently, child is post transplant, on treatment for GvHD. She is also on antibiotics, antiviral and nutritional support. She requires regular screening for viral infections and chimerism. The cost of post transplant management as mentioned above for next three months including all of the above would be around **Rs.9-10/- lakhs.**

In case of any complications, the cost of treatment may go up.

If any further information is required, we would be happy to furnish.

Thank you
