Re : Master Arish Ali

MRN: 10020001845583

Date Of Birth: 19th December 2024

Gender : Male

I wish to state that **Master Arish Ali** is a case of **Acute myeloid leukemia**. He is under treatment at our centre for the same. The only curative treatment is Bone Marrow Transplant. Due to the unavailability of a fully HLA matched family donor or unrelated donor, we are planning a Haploidentical Bone Marrow Transplant using one of the parents as the stem cell donor.

The approximate costs for the treatment are as follows:

Particulars	Estimated Amount
Pre-BMT evaluation of Patient	Rs.50,000/- (Rupees Fifty Thousand only)
Pre-BMT evaluation of Donor	Rs.50,000/- (Rupees Fifty Thousand only)
Donor Stem Cell collection	Rs.1,00,000/- to Rs.1,50,000/- (Rupees One Lakh to Rupees One Lakh Fifty only)
Bone Marrow Transplant	Rs.22,00,000/- to Rs.24,00,000/- (Rupees Twenty two Lakhs to Rupees Twenty Four Lakhs only)
Post-BMT Follow up (2-3 months)	Rs.2,00,000/- to Rs.3,00,000/- (Rupees two lakhs to Rupees Three lakhs only)

The above estimation is in the absence of any complications.
