Dear sir/madam

Sub- Approximate cost estimate of Allogenic Bone Marrow Transplant

With reference to the above subject Master JEEVAN 6 years/male s/o Shri Manjunath ML is a case of transfusion dependant Thalassemia(major) bearing UHID 8200468451 is requiring very frequent blood transfusions and hospitalizations for the same,the parents have been explained about the curative potential of Allogenic bone marrow transplant for the child's condition and they are strongly considering it as a curative therapy, approximate cost of the Allogenic Bone Marrow transplant would cost INR 20,00,000+/-2,50,000,(INR Twenty lakhs+/- Two and a half lakhs) ,Kindly consider the above and do the needful as the child would benefit from the above mentioned procedure and stand a good chance of cure.

Thank you.

yours sincerely,

Dr Prerana Nesargi
Pediatric Haematolgy/oncology/BMT physician
