Re: Ms Ruthvika

MRN: 10020001808424

Date of Birth: 19th February 2024

Gender: Female

I wish to state that Ms Ruthvika is diagnosed with Retinoblastoma. This is a type of cancer seen in the eyes and is potentially life threatening. She is under treatment at our centre for the same. She is planned for treatment with chemotherapy and local laser therapy. The approximate cost of chemotherapy and supportive care would be Rs.6,00,000/- to Rs.7,00,000/- (Rupees six lakhs to Rupees seven lakhs only) in the absence of any major complications.
