The Child Vikas Foundation

Bengaluru,

Subject: Information regarding patient: Thanushree (5217165)

We have a young patient named Thanushree, a 7-years-old-girl under the treatment of paediatrics. She is diagnosed with complicated pneumonia with pleural effusion. Presently, according to the treating team, child requires child must be on higher antibiotics and ICD drain till output is nil.

The family hails from Bangalore North and they consist of 8 members. The child's father is the primary source of income, and he is working as a car driver and earns only Rs. 15,000/month. They stay in a rented house (Rs. 7,000/month). The child's mother is a homemaker, and they also have an elder son (10 years old) who goes to school. With the child's father's income, they must manage school expenses, rent, grandparents' health and care. Presently they are exhausted of their resources and requested support for further treatment of the child. Approximate cost of treatment is Rs. 1.2 lakhs.

Hence, we request your help towards this deserving child's treatment.

Thanking you in advance,

Yours Sincerely,

Ms. Jisha Sara Jose
